from 1,74 EUR / PCE

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

More than 10 PCE in stock

The new coating resembles small grains of sand and makes the lead almost disappear on the bottom of the water. The new TEXTURED LEADS are compatible with all products from the Korda small parts range, such as lead clips, hybrid lead clips, tail rubber, rig tubes and dark matter tungsten tubings.

- Very resistant and long-lasting coating
- Absorbs dips, flavors but also parts of the sediment for the optimal camouflage effect
- Compatible with all Korda small parts components (such as clips, hybrid lead clips, rubbers, rig tubes etc.)
