Korda Singlez Buzzer Bar 2 Rod

Art.Nr.: 39129 / manufacturer: Korda

from 29,39 EUR / PCE

incl. 20% VAT plus Shipping

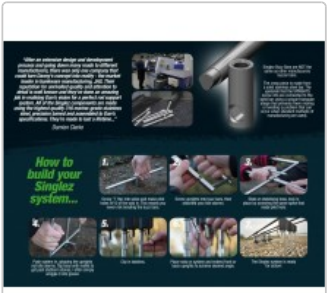

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

1 PCE in stock

Product information

The idea for the Singlez Buzzer Bars came to Danny Fairbrass when he was trying to set up and align single banksticks perfectly.
This worked more badly than right, it is very difficult to set up parallel at equal distances.
The design of the Singlez enables a stable setup, which prevents the buzzer bars from twisting.
In addition, it looks visually appealing like a normal bankstick setup.
The buzzer bar is the basis of the Singlez system and rests on the floor.
It ensures maximum stability.
The front buzzer bar should be slightly wider than the rear one.

We will be happy to advise you on the optimum Singlez setup via Whatsapp:)

This product is a stroke of genius from Danny Fairbrass and literally turns the normal bankstick buzzer bar system on its head. The Singlez combine function, stability and simple elegance in one and are manufactured by stainless steel guru JAG in England.

Thanks to the stabilizers and stage stands, the Singlez system is suitable for all surfaces and is available as a 2 and 3-piece system. All components can be combined with each other. So you can put together your own individual setup.

Six years ago, Danny had a prototype made to his specifications for a lot of money and caused quite a stir on the water. Even then, the search for a suitable manufacturer of this high-quality product began. Then the collaboration with JAG came about. JAG has an excellent reputation for manufacturing first-class stainless steel products to the highest standard - the ideal partner for the series production of the Singlez!

Damian Clarke oversaw the implementation and I am delighted with the product: "JAG has lived up to its reputation and executed Danny's vision to the best of its ability. All components are made from extremely high quality 316 stainless steel to last a lifetime!"

And this claim stands in relation to the Singlez: a product for life!
