Product information

Mikado Cat Territory Beader

Art.Nr.: 42826 / manufacturer: Mikado

from 4,79 EUR / PCE

incl. 20% VAT plus Shipping

Delivery **Thu 05. Nov - Fri 06. Nov 2026**

4 PCE in stock

Powerful. Robust. Extremely effective. With an appropriate shape that allows the fish to be hooked with its own weight. Special curved tip increases the number of effective strikes and ensures a secure grip during the retrieval of a catfish. Anyone who has ever caught a catfish knows perfectly well how the catfish pulls towards the bottom of the water and flaps its tail during unhooking. At these moments, the line loosens and allows the fish to free itself. Thanks to the curved tip, the fish you catch will land safely. These hooks are indispensable if you make your own catfish rigs.
