2 PCE in stock

The 23, 30 and 38 cm long models made of 16 mm aluminum are equipped with extremely durable tips made of diamond-filed stainless steel. The 66, 91 and 122 cm models are made of 19 mm aluminum and have an aluminum screw tip to anchor them securely in even the hardest ground.

Made from ultra strong aluminum with twist compression locks to ensure a secure rod set up. Nash banksticks are available in 6 different lengths so there is nothing left to be desired.
