1 PCE in stock

Flavor: fishy

This pack contains the base mix and the liquid to make hookbaits, pop-ups or wafters.

Product information

Package contents:

This pack contains 250g of ready-to-use Hard Hookbait Mix, which is used to make hard hookbaits, cork ball pop ups and cork dust wafters, as well as 10ml of liquid.

Properties of the Hard Hookbait Mix:

- This is a complete, ready to use hookbait mix with bait hardener
- Makes extra durable hookbaits
- Easy to roll
- The resulting baits can be tied, needled or drilled
- Properly dried baits stay hard in the water for at least 24 hours

Creating cork ball pop-ups:

- Mix 1 medium egg + 5ml-10ml liquid
- Add 100g of hard hookbait mix
- Mix together to create a small block of paste
- Leave the paste in a sealed plastic bag for >30 minutes
- Roll the paste to create cork balls to create pop-ups
- Boil the baits for at least 1 minute and then let them air dry
- Dry for 24-72 hours depending on the desired hardness
- Finished baits can be air-dried and then frozen

Making Cork Dust Wafers:

- Mix 1 medium egg + 5ml-10ml liquid
- Mix 95g Live System Hard Hookbait Mix + 5g Cork Dust
- Mix together to create a small block of paste
- Leave the paste in a sealed plastic bag for >30 minutes
- Roll the baits to the required size and shape
- Boil for 1 minute and then allow to air dry
- Dry for 24-72 hours depending on desired hardness
- Finished baits can be air-dried and then frozen

Application tip:

The buoyancy of the Cork Ball Pop Ups can be adjusted by using larger or smaller balls and the buoyancy of the wafter can be adjusted by using more or less Cork Dust.

Hookbaits can be made by replacing 20% liquid egg with our Liquid Bait Preservative.

This product should be stored in a cool, dry place out of direct sunlight.
