Art.Nr.: 44136 / GTIN: 9120112155052 / manufacturer: Watercraft Baits & Tackle

4,99 EUR / PCE

incl. 13% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

8 PCE in stock

Tigernut meal is a rather fatty ingredient for boilie mixes or groundbait doughs.
It contains a wide range of vitamins, amino acids and minerals that carp need and love to eat. In addition, this flour adds a slightly sweet fermented touch to any feed mix that carp love. It also has a very attractive nutty smell and taste.
