3 PCE in stock

The Edges Naturals Braided Leader has been specially developed to meet the highest demands. Made from woven Dyneema, this leader knot offers an extremely durable braided line that can withstand even the toughest conditions.

Product information

This leader knot is perfect as a shock/snag leader and is also excellent as a robust hook leader. Its "Naturals" coloring in dark green ensures that it looks inconspicuous in the water and does not attract unnecessary attention.

Available in different strengths, namely 30lb, 40lb and 50lb, the Edges Naturals Braided Leader offers the ideal solution for different fishing techniques and water conditions.

With a length of 20 meters per spool, this leader knot provides enough material to create multiple setups and prepare for long fishing trips.

Features:

- Made from woven Dyneema for an extremely durable braided line
- Perfect as a shock/snag leader and also suitable as a robust hook leader
- Benefits from the "Naturals" color scheme in dark green and unobtrusive
- Available in 30lb, 40lb and 50lb
- 20m per spool
