 Lieferung **Do. 06. Aug. - Fr. 07. Aug. 2026**

A long, thin, black metal drill bit with a double-flute design, angled diagonally across the page. The bit has a standard double-flute design for efficient chip removal. The shank is smooth and cylindrical, ending in a hexagonal base for secure mounting in a drill. The cutting edge is sharp and well-defined.

Ersatzbohrer für harte Boilies oder Tigernüsse. 1,2mm Durchmesser
